We know a thing or two about wallpaper

For over seventy years, we have produced unique wallpapers exclusively at our Hohenberg site. Now in the third generation, we still strive for the highest standards of design, quality, sustainability, and healthy living.

„What makes us different? our experience? our sophisticated technology? or is it our flair for innovation? All of these, for sure! But most of all, it's our passion for the product”

Ralf Taubert
CEO

Sustainable and healthy living Made in Germany

When it comes to sustainability and healthy living, we make no compromises. That's why all of our wallpapers are made sustainably exclusively in Germany. We do not need PVC, plasticizers and solvents. So our wallpapers are 100% healthy.

TROPICAL

Dream you're in a distant land with TROPICAL

Exotic and very imaginative, somehow surreal and a little bizarre too

TROPICAL gives you a desire for colour and going on holidays, it satisfies the feeling of wanderlust and makes you crave other countries and feel-good locations. The tropical atmosphere is created by motifs from the plant and animal world. Shades of blue and green are reminiscent of water and palm trees. Accents of pink, violet and brick red make it both powerful and very decorative.

What's special about the new collection? It can be combined in many different and very unique ways. The motifs from the plant and animal world can be found again in murals and wallpapers and match perfectly with the soft plain colours, hand-painted ornaments and beautiful chalk matt wall colours that we also have on offer.
